# 2nd Molecular Pathology Symposium

**3 and 4 February 2018**  
**Gold Coast, Queensland, Australia**

[Register now >](#)

The symposium is part of the function of Molecular Pathology Group in School of Medicine and Menzies Health Institute Queensland in Griffith University. It is open to pathologists, pathology registrars, researchers and medical students with interest in pathology. This is an invaluable opportunity to interact with some of the best minds in the application of molecular pathology in anatomical pathology.

Pathologists in training and pathologists supervising the pathology registrars will know role of molecular pathology in preparing for the examination/assessment in pathology. The seminar will also help established professionals extend their clinical pathology skills, based on the latest research.

### Keynote speakers

- Diana Bell
- Ian Brown
- Neda Kalhor
- Alfred Lam
- Ho Keung Ng
- Robert Osamura
- Hironobu Sasano
- Kanishka Sircar

### Registration - opening soon

Category	Early bird (before 30 Sept, 2017)	After 31 Dec 2017
• Pathologists	A\$500 (ex GST)	A\$600 (ex GST)
• Pathology registrars • Griffith staff/students • Scientists	A\$350 (ex GST)	A\$450 (ex GST)

### Gold Coast, Queensland, Australia

Australia's Gold Coast is a modern city of glittering high-rise buildings, built around superb beaches, including the world renowned 'Surfers Paradise'. Located in South-East Queensland, it is 80km from the state capital Brisbane.

The Gold Coast is famous for an unrivalled range of entertainment and attractions, including seven of Australia's best theme parks, over 40 international standard or championship golf courses, 600 restaurants and cafés and an abundance of natural and cultural wonders.

Getting to the Gold Coast couldn't be easier, with two impressive international airports close by that service all major Australian cities, as well as effortless road access from Queensland's capital, Brisbane. The Gold Coast Airport is just 30 minutes drive from the centre of Surfers Paradise and the Brisbane Domestic and International Airport is less than one hour's drive

### Location and conference venue

The conference venue is in the heart of Gold Coast - Surfers Paradise.

- Visit Gold Coast - Gold Coast events (http://www.visitgoldcoast.com/whats-on/2018/)

### Program information

Gastrointestinal, head and neck, endocrine, central nervous system, respiratory tract, urogenital tract and current advances.

### Preliminary program

#### 3 February, 2018

**Thoracic tumours- Molecular pathology**  
 Neda Kalhor

**Urogenital tumours- Molecular pathology and classification**  
 Kanishka Sircar,

**Gastrointestinal and Pancreatic neuroendocrine tumours**  
 Ian Brown

**Head and neck lesions- New classification**  
 Diana Bell and Alfred Lam

**CNS tumours updates**  
 Ho Keung Ng

#### 4 February, 2018

**CNS - Pituitary tumours**  
 Robert Osamura

**Endocrine - Thyroid tumours**  
 Alfred Lam

**Endocrine - Adrenal tumours**  
 Hironobu Sasano

### Organising committee

- Alfred Lam, Griffith University
- Melissa Leung, Griffith University
- Kais Kasem, Griffith University
- Vinod Gopalan, Griffith University
